**INNOVATORS, MANUFACTURERS &
DISTRIBUTORS OF ELECTRICAL PRODUCTS**

ABOUT US

The MATElec business, founded in the early 1970s in South Africa as a manufacturer and distributor of electrical products, has always operated on three fundamental and guiding principles:

- An unswerving commitment to integrity at every level
- Doing business with tangible energy and passion
- Ensuring an exceptional customer experience at every touchpoint.

For almost 50 years, the brand has evolved, becoming a highly reputed name in the electrical industry across many countries.

In 2002, building on the well-proven sustainable business model of three decades, MATElec Australia, 100% Australian-owned and operated, was established. Now, over twenty years on, MATElec Australia is a significant player in the industry, sourcing, designing, manufacturing and distributing an exceptional range of electrical products throughout the Oceania region. In addition to the comprehensive range of electrical commodity products, marketed and distributed through the Electrical Wholesaler network, MATElec Australia manufactures 'in-house', a vast range of high-quality and cutting-edge pump and motor control and system automation products that perform strategic functionality in infrastructure assets across many industries, including Municipal Water Reticulation - Supply and Treatment, Mining, Agriculture, Military, Health and HVAC. The manufacturing facility, located in Victoria, has further distinguished the company and brand with the capability to design, engineer, manufacture and deliver 'site/application ready' control panels for thousands of strategic installations, both locally and abroad.

MATElec Australia has invested heavily in the 'Australia Manufacturing Community', with a significant commitment to growth in local employment as it executes its year-on-year expansion plans. The Team at MATElec Australia reflect the truly unique and dynamic 'customer-focused' culture, that drives the continuous development of valuable products and services, that will not only meet, but exceed, the expectations of the market for the now and beyond!

**HAPPY
PEOPLE**
are our
FUTURE

OUR MISSION

To passionately pursue the development of products, services and solutions, that represent **'exceptional value'** and reflect the inspirational and dynamic culture of the company, while enriching the community of clients, staff, suppliers and stakeholders involved in the process.

OUR VISION

To be the **'No.1 choice'** and **'most trusted source'**, for all products and services we offer the market, through an enduring commitment by our entire team, to consistently deliver **'service excellence'**, **'superior quality'**, **'functional innovation'** and **'tangible value'**.

PROTECTION THROUGH DETECTION[®]

MATElec Australia - for a comprehensive range of innovative Smoke Detection and Motion Sensor products

INSTALLATION & CABLE MANAGEMENT

NYLON CABLE TIES

PREMIUM
GRADE

FEATURES & BENEFITS

- Bent tip allows for easier pick up, insertion and pull-up
- Smooth rounded edges, for safe handling
- Closely spaced locking teeth permit fine adjustment
- No metal parts (head and pawl are integrally moulded)
- Material sourced from the USA
- RoHS compliant
- Low smoke - Halogen free
- Other sizes available on project request.

COATED 316 STAINLESS STEEL CABLE TIES

TENSIONING
TOOL/GUN
AVAILABLE

FEATURES & BENEFITS

- Stainless steel 'ball bearing' locking mechanism
- Rounded 'off-set' tip, to speed up insertion
- Smooth rounded edges, for safe handling
- Self-locking, for easier and faster installation compared with traditional restraint systems
- An efficient and effective way of securing cables or other materials in environmentally harsh and corrosive conditions
- Provides heavy duty and long-lasting cable bundling solution in comparison to nylon cable ties
 - Suited to Solar, Commercial, Industrial, Mining, Marine and Infrastructure installations
 - Excellent chemical resistance
 - Non flammable
 - Excellent UV resistance
 - 5 year warranty.

ROOF PENETRATION SEALS

FEATURES & BENEFITS

- UV resistant EDPM rubber
- Durable, lead free material
- Reinforced aluminium frame
- Designed to mould to multiple roof profiles
- 10 year warranty
- Twin side-ports for additional cabling requirements (not on SEAL-5/55B).

Code	Description	Penetration Size	Base Size	Packing	MOQ	Ctn
SEAL-0/35B	Roof Penetration Seal - Square	0-35mm	100x100mm	20	20	200

CORRUGATED CONDUITS

FEATURES & BENEFITS

- Highly flexible | Heavy duty PVC
- Metre marked - easy measure
- High impact strength | Crush resistant
- Flame retardant | Self-extinguishing
- Extreme UV Resistant.

Code	Description	Packing	MOQ	Ctn
CC-M25/50M-PV	Corrugated Conduit Solar HD - Grey 25mm x 50m	1	1	35/pallet
CC-M25/50M-PV-B	Corrugated Conduit Solar HD - Black 25mm x 50m	1	1	35/pallet

INSTALLATION & CABLE MANAGEMENT

PVC FITTINGS

FEATURES & BENEFITS

- Manufactured according to AS/NZS 2053 Standard
- Stainless steel screws used on all inspection products and junction boxes (tees, elbows and junction boxes)
- Snug fit on conduit tubing
- Heavy duty construction
- Comprehensive range.

WALL BOX - FIRE RATED

Brass earth connector

FEATURES & BENEFITS

- Designed for mounting switches and outlets in walls that have a specified fire rating
- Fully compliant to Australian Standards AS1530.4-2015
- Warringtonfire Aust Pty Ltd certificates available on request - Certificate no. FAS220106
- Fire rating of FRL -/120/120 (2 hours fire resistance) for back to back, side to side and above & below configurations
- Acoustic rating AS 1191 and AS/NZS ISO 717-1
- Supplied complete with intumescent pads and acoustic seal
- Cable entry holes - 3 in top, 2 knockouts in back
- Complete with integral 'wall box earthing' and 'earth cabling termination' connector
- Must be used with an approved Fire Rated sealant.

Code	Description	Packing	MOQ	Ctn
FWB-90000	Wall Box - Fire Rated	10	10	100

UNDERGROUND WARNING TAPE

FEATURES & BENEFITS

- High quality material
- Environmentally safe
- Acid and alkaline resistant
- Excellent tear resistance.

Code	Description	Packing	MOQ	Ctn

CUSTOMER CARE

Our Customer-First Mentality

Our Customer Care team's number one goal is to live by our core value; Happy People are our Future.

This isn't merely a framed poster on the walls of our offices, but something we strive for with all who partner with MATElec Australia.

**HERE
TO SUPPORT**

Our Australian-based Customer Care Team is invested in delivering what you need, when you need it. Whether it be sales support, product availability, order tracking or anything else, you can be sure that if they don't know the answer – they will source and resolve it as soon as possible.

Our team are ready and available to answer your enquiry Monday to Friday 8am – 5pm AEST, and you can reach them via 1800 281 282, customer@matelecaustralia.com.au, or even scan the QR code to Contact Us via our website.

“At the end of the day – your success is our success”

**TRAINED
TO SUPPORT**

With our commitment to one-call resolution, our team understand that you and your customers are looking to resolve the situation as quickly as possible.

As such, our team have been trained and resourced to resolve and escalate to a specialist, if need be, to ensure that we do everything possible to provide you a solution in a single call.

With a team of electricians and engineers on hand to support your enquiry, you will have a resolution as quickly as possible.

No matter the enquiry from pricing, ordering, installation support, troubleshooting, to warranty claims, we have the team ready to assist. Learn more about our Customer Care team using the QR code.

SUPPORT YOURSELF

To coincide with our expanding product range, we are committed to constantly growing our library of product support materials to ensure you have the resources you need to learn at your own pace and/or at the time of need.

From Product manuals, quick-start and installation guides, how-to and product insight videos, we have you covered.

Make sure to check back into our website via the QR code to see the tools that are available to support you and your customers.

“Our Customer Care team are here to help”

IMMEDIATE SUPPORT

We understand that sometimes not everything works as it should. At MATElec Australia, we are committed to supporting you through this process where required.

Our team are empowered to ensure you have access to replacement equipment, should the equipment be deemed faulty and will work tirelessly with all parties involved, to ensure quick turnaround and limited disruption to your business.

For further information on our warranty process, visit our resource page via the QR code.

DETECTION, SAFETY AND WARNING

PHOTOELECTRIC SMOKE ALARM - 240V

FEATURES & BENEFITS

- Interconnectable with up to 20 units
- Energizer 9V battery included
- Separate hush/test button
- Hinged detachable base - easy push button open
- 'No Battery', 'No Close' feature
- Loop terminal provided
- Mounting holes line up with standard plaster brackets
- Base recessed for mains cabling - no need for large ceiling cut-away
- LED indicators
- 'Low Battery' audible warning
- 5 year warranty
- Improved resilience to EMI interference.

Code	Description	Packing	MOQ	Ctn
FSA-26000	Photoelectric Smoke Detector - 240V	1	1	50

PHOTOELECTRIC SMOKE ALARM - WIRELESS 10YR LITHIUM BATTERY

FEATURES & BENEFITS

- Discrete slimline appearance
- Wireless interconnect up to 40 units
- Simple pairing process
- Wireless distance up to 100m clear line of sight
- 3V DC non-replaceable 10 yr lithium battery
- No hard wiring - Very simple installation
- Large, easy to use test/hush button
- Easy to mount twist-on base design
- Vermin resistant
- 5 Year Warranty
- Interconnectable with FSA-60000 via FSA-50000 module, providing a complete hardwired and wireless install package (max of 24x combined FSA-30000 & FSA-60000 units interconnectable)
- Compatible with FSA-90000 remote controller.

Code	Description	Packing	MOQ	Ctn
FSA-30000	Photoelectric Smoke Detector - Wireless 10 Year Lithium Battery	1	1	40

PHOTOELECTRIC SMOKE ALARM - 240V 10YR LITHIUM BATTERY

NOTE: When using the FSA-50000 to wirelessly connect 2 or more FSA-60000 alarms, please disconnect any interconnecting cable.

FEATURES & BENEFITS

- Discrete slimline appearance
- Premium quality and design
- Interconnectable with up to 24 units (wired 150m max, wireless 60m max)
- Compatible with FSA-50000 Wireless Interconnect Module, for wireless interconnection with FSA-30000
- 3V DC 10 year lithium battery
- Separate hush/test button
- Hinged detachable base - easy push button open
- 'No Battery', 'No Close' feature
- Loop terminal provided
- Mounting holes line up with standard plaster brackets
- Base recessed for mains cabling - no need for large ceiling cut-away
- LED indicators
- 'Low Battery' audible warning
- 5 Year Warranty
- Improved resilience to EMI interference
- Compatible with FSA-90000 remote controller.

BAT-3V/10Y	3V 10yr Lithium Battery (CR17450) for FSA-60000 Smoke Detector	-	1	100

SMOKE ALARM WIRELESS INTERCONNECT MODULE

FEATURES & BENEFITS

- Compatible with FSA-60000, for wireless interconnection with FSA-30000, providing a complete hardwired and wireless install package (max of 24x combined FSA-30000 & FSA-60000 units interconnectable)
- Discrete recessed appearance when installed
- 5 year warranty.

Code	Description	Packing	MOQ	Ctn
FSA-50000	Smoke Detector Wireless Interconnect Module	1	1	20

SMOKE ALARM REMOTE CONTROLLER

COMPLETE WITH SAFETY SCREW ON BATTERY COMPARTMENT

FEATURES & BENEFITS

- Wirelessly connect to both FSA-30000 and FSA-60000
- Effortlessly test and hush smoke alarms
- Quickly identify which alarm may be false alarming
- Operating distance of 5m recommended from nearest alarm
- SOS 'Panic' feature designed to raise an alarm in the event of an emergency
- 1 year warranty (excluding battery)
- Complies with AS/NZS 4268.

NOTE: For FSA-90000 to connect to FSA-60000, the FSA-50000 wireless module must be installed in the FSA-60000.

Code	Description	Packing	MOQ	Ctn
FSA-90000	Smoke Detector Remote Controller	1	1	50

SMOKE ALARM ADAPTOR BASE PLATE - SUITS FSA-60000

FEATURES & BENEFITS

- Increases base diameter to 160mm to assist with retrofits of existing larger holes
- Aesthetically pleasing covering solution for differing paint zones
- Mounting holes line up with other leading brandings alarms allowing easy swap-over.
- User-friendly twist-in design.

FLUSH MOUNT LIQUID LEVEL ALARMS

FEATURES & BENEFITS

- Provides warning indication and alarm when a water storage tank is either empty or full
- Housed in a wall plate style panel
- Audible alarm and a keypad interface with status indicator lights and alarm mute button.

Code	Description	Enclosure Size
FPC-12656	Liquid Level Alarm - Flush Mount	175x130x80mm

LIQUID LEVEL ALARM WITH SMS

ME-Link IoT/SMS Module

FEATURES & BENEFITS

- Liquid Level Alarm with SMS features via ME-Link module
- ME-Link is a cellular CAT-M1 remote monitoring and control device utilising the 700Mhz frequency for 'best in class' signal strength.
- Reports status information and alarms from the Liquid Level Alarm and any additional digital inputs
- ME-Link Module can be utilised to control external devices with the two onboard relay outputs
- Easy to set up SMS commands are used to configure the operation and alarms without the need for any additional software.

Code	Description	Enclosure Size
FPC-12651-SMS	Liquid Level Alarm - with SMS	300x300x150mm

LIQUID LEVEL & POWER FAILURE ALARM WITH BATTERY BACKUP

FEATURES & BENEFITS

- Provides warning indication and alarm when a water storage tank is either empty or full
- Housed in a robust polycarbonate enclosure
- Audible and visual alarms
- Keypad interface with status indicator lights and alarm mute button
- Built-in battery and charger and activates the alarm on mains power failure.

Code	Description	Enclosure Size
FPC-12657	Liquid Level & Power Failure Alarm - Battery Backup	240x190x95mm

SOLAR POWERED LIQUID LEVEL ALARM

FEATURES & BENEFITS

- Provides warning indication and alarm when a water storage tank is either empty or full
- Housed in a robust powder coated metal enclosure
- Audible and visual alarms
- Keypad interface with status indicator lights and alarm mute button
- Solar panel for power supply in applications where mains power is unavailable.

Code	Description	Enclosure Size
FPC-12658	Liquid Level Alarm - Solar Powered	300x300x200mm

DETECTION, SAFETY AND WARNING

HIGH & LOW LEVEL LIQUID LEVEL ALARM

FEATURES & BENEFITS

- Provides warning indication and alarm when a water storage tank is both empty and full
- Housed in a robust powder coated metal enclosure
- Audible and visual alarms
- Status indicator lights and an alarm mute button.

Code	Description	Enclosure Size
FPC-12664	Liquid Level Alarm - High & Low Level	300x200x150mm

LIQUID LEVEL ALARM WITH CONDUCTIVITY RELAY

FEATURES & BENEFITS

- Provides Warning indication and alarm when a water storage tank is either empty or full
- Housed in a robust powder coated metal enclosure
- Audible and visual alarms
- Keypad interface providing status indication and easy alarm muting
- Conductivity relay and inputs for conductivity sensing probes
- Ideal for lift well moisture sensing and other applications.

Code	Description	Enclosure Size
FPC-12665	Liquid Level Alarm - With Conductivity Relay	300x200x150mm

AUTO PUMP CONNECTION HIGH LEVEL ALARMS

FEATURES & BENEFITS

- Provides warning indication and alarm when a water storage tank is full
- Housed in a robust polycarbonate or powder coated metal enclosure
- Audible and visual alarms
- Keypad interface with status indicator lights and alarm mute button
- Includes a 9006 Float Switch with quick plug connection and a GPO for power supply to an automatic pump

Code	Description	Enclosure Size
FPC-12654	High Level Alarm - Auto Pump Connection	200x160x95mm
FPC-12672	High Level Alarm - Auto Pump Connection - Metal Enclosure	300x200x150mm

VALVE SHUT-OFF HIGH-LEVEL ALARMS

FEATURES & BENEFITS

- Suitable for applications where the water being discharged from an ablation is required to be pumped away
- When the first float switch closes, the alarms will activate to warn of rising level in the tank/pit
- If the water level continues to rise and the second float switch closes, the alarms will activate and the controller will pulse close the valve, ensuring no further mains water is used, to prevent the level in the outfall tank from rising further
- In the event of power failure, the valve is immediately closed.

Code	Description	Enclosure Size
FPC-12675	High Level Alarm - Valve Shut-Off	200x160x95mm
FPC-12676	High Level Alarm - Valve Shut-Off - Metal Enclosure	300x200x150mm

MAGNETIC HORIZONTAL FLOAT SWITCHES

FEATURES & BENEFITS

- High quality housing suitable for most liquids, such as oil and mild chemicals
- Fully immersible
- Ideal for water tank systems, such as rain or waste water management and activating boat bilge pumps
- Can be used to control pumps and electric valves when liquid level change
- Features a waterproof membrane which mounts on the inside of the tank.

Code	Description	Cable Length	Packing	MOQ	Ctn
FSW-12565	Magnetic Horizontal Float Switch	4m	1	1	20

STAINLESS STEEL MAGNETIC FLOAT SWITCHES

FEATURES & BENEFITS

- Single & Dual Point Options
- Magnetic Reed Switch Technology
- High Reliability / Repeatability Standards
- Direct Interface to Controllers
- High Temperature Rating
- High Pressure Rating
- Suitable for Corrosive Conditions
- Commonly used in food processing, medical, heating, and cooling equipment
- Includes approx 300mm of cable for connection
- Epoxy sealed cable outlet
- Gasket seal.

SINGLE POINT CONDUCTIVITY SENSING PROBES

FEATURES & BENEFITS

- Designed and manufactured with a single preset, stainless steel sensing point
- Typically set up in conjunction with conductivity sensing relays, which would interface with a pump control circuit
- Can be used in a wide range of applications including potable, grey, black, storm and rain water
- While the probe has no serviceable parts, a periodic wipe down is recommended to maintain optimal performance.

4 POINT CONDUCTIVITY SENSING PROBES

FEATURES & BENEFITS

- Designed and manufactured with 4 preset, stainless steel sensing points. These are typically used as common, stop, start and high level
- The probe would normally be set up in conjunction with conductivity sensing relays, which would interface with a pump control circuit
- Can be used in a wide range of applications including potable, grey, black, storm and rain water
- While the probe has no serviceable parts, a periodic wipe down is recommended to maintain optimal performance.

Code	Description	Cable Length
FPC-12530	Conductivity Sensing Probe - 4 Point - 200mm	10m
FPC-12531	Conductivity Sensing Probe - 4 Point - 300mm	10m
FPC-12532	Conductivity Sensing Probe - 4 Point - 400mm	10m
FPC-12533	Conductivity Sensing Probe - 4 Point - 700mm	10m
FPC-12534	Conductivity Sensing Probe - 4 Point - 900mm	10m

10 POINT CONDUCTIVITY SENSING PROBES

FEATURES & BENEFITS

- Designed and manufactured with 10 preset, stainless steel sensing points
- The probe would normally be set up in conjunction with conductivity sensing relays, which would interface with a pump control circuit
- Can be used in a wide range of applications including potable, grey, black, storm and rain water
- While the probe has no serviceable parts, a periodic wipe down is recommended to maintain optimal performance.

Code	Description	Cable Length
FPC-12536	Conductivity Sensing Probe - 10 Point - 1m	10m
FPC-12537	Conductivity Sensing Probe - 10 Point - 1.5m	10m

PIPE MOUNT PRESSURE TRANSDUCERS

FEATURES & BENEFITS

- Designed to be mounted in a pipe to measure pressure, providing a precise 4-20mA reading
- Small body diameter
- Excellent repeatability and long term stability
- Excellent anti-interference ability
- Suitable for use in raw, rain, potable and ground water applications.

Code	Description	Pressure Range	Cable Length
COM-30608-4BAR	Pressure Transducer	0-4bar (0-400kPa)	3m
COM-30609-E	Pressure Transducer	0-10bar (0-1000kPa)	3m
COM-30608-E	Pressure Transducer	0-16bar (0-1600kPa)	3m
COM-30604-E	Pressure Transducer	0-25bar (0-2500kPa)	3m

TRANSDUCER HANGING BRACKET

FEATURES & BENEFITS

- Designed to provide a simple and effective solution to hang hydrostatic level transducers in the correct position in a tank
- Applies even pressure to the transducer cable, ensuring the internal breather tube is not deformed or kinked in any way.

Code	Description
FPC-12568	Transducer Hanging Bracket

TANK FILL PUMP CONTROLLER - PUMP SHUT-OFF

FEATURES & BENEFITS

- Provides power supply to an automatic pump, used to transfer stormwater from a collection pit to a storage tank
- When the storage tank is full and the high level float switch closes, the controller inhibits the pump and the 'tank full' indicator light is illuminated
- Power to the pump is restored when the level in the storage tank falls and the float switch opens.

Code	Description	Amp Rating	Enclosure Size
FPC-11005	Tank Fill Pump Controller - Standard	6 Amp Max	200x160x95mm
FPC-11006	Tank Fill Pump Controller - Quick Plug	6 Amp Max	200x160x95mm

METERING & CONTROL

TANK FILL CONTROLLERS - VALVE SHUT-OFF

FEATURES & BENEFITS

- Ideal for maintaining water at predetermined levels in a tank, swimming pool or reservoir
- When tank full level is reached, the controller pulse closes the valve, ensuring no further water enters the tank, and if the water level drops to low level, the valve is opened

Specific to standard version:

- Switching differential: Min 25mm, max 1m

Specific to dual float version:

- The use of 2 floats allows for greater differential between 'valve open' and 'valve close' levels, making this controller ideal for controlling water level in larger tanks.

Code	Description	Enclosure Size
FPC-12700	Tank Fill Valve Controller - Standard	200x160x95mm
FPC-12702	Tank Fill Valve Controller - Dual Float	300x200x150mm

LOW LEVEL PUMP SHUT-OFF CONTROLLER - STANDARD

FEATURES & BENEFITS

- Provides power supply to a pump, used to pump water from a tank into a home or other application
- When the level falls and the float opens, the controller shuts off power to the pump to prevent it from running dry, and the 'tank empty' indicator light is illuminated
- Power to the pump is restored when the level in the tank rises and the float switch closes.

Code	Description	Amp Rating	Enclosure Size
FPC-11010	Low Level Pump Shut-Off Controller - Standard	6 Amps	200x160x95mm

UNDERSINK ALARM & SHUT-OFF CONTROLLERS - VALVE/DISHWASHER SHUT OFF

FEATURES & BENEFITS

- In the event of 'high level' or moisture detected in the drip tray (if applicable), the controller activates the alarm, pulse closes the valve (if applicable) and isolates power to the dishwasher (if applicable), ensuring no further mains water enters the sink and chamber
- If power to the controller is lost or switched off, the valve is immediately closed.

Code	Description	Enclosure Size
FPC-12659	Undersink Alarm - Valve Shut-Off	200x160x95mm
FPC-12660	Undersink Alarm - Dishwasher Shut-Off	200x160x95mm
FPC-12661	Undersink Alarm - Valve & Dishwasher Shut-Off	200x160x95mm
FPC-12662	Undersink Alarm - Valve & Dishwasher Shut-Off with Drip Tray Moisture Sensor	200x160x95mm
FPC-12666	Undersink Alarm - Valve & Dual Dishwasher Shut-Off	240x190x95mm
FPC-12667	Undersink Alarm - Dual Valve & Dishwasher Shut-Off	200x160x95mm

RAIN/MAINS PUMP CONTROLLER - QUICK PLUG

FEATURES & BENEFITS

- Provides a continuous supply of water for a variety of uses
- Prioritises and maximises the use of rain water
- Comprises a controller, a pulse latching solenoid valve and float switches
- Monitors the level of stored rain water and switches the valve accordingly
- Provides a switched output for the control of a single phase pump
- Pre-fitted with sockets for the valve, pump and float switch
- Quick Plug version requires no hard wiring
- Ideal for DIY installations.

Code	Description	Amp Rating	Enclosure Size
FPC-12721-HD	Rain/Mains Controller with Quick Plug	6 Amps	200x160x95mm

ENGINEERED SOLUTIONS

Your trusted partner for custom Pump and Motor Control Automation Systems!

In the dynamic landscape of industrial automation and control systems, MATElec Australia stands as a leader in innovation and excellence. With a credible and proven track record, spanning more than two decades and more than 150,000 control panels, MATElec Australia is qualified to be your trusted partner for designing and building customised engineered solutions, tailored to the unique and diverse needs of your control/automation system.

OUR EXPERTISE

MATElec Australia has in-house, a team of highly skilled engineers, both electrical and mechanical, as well as a team of qualified electricians, all of whom have a deep understanding of the most sophisticated of control systems. Given their in-depth knowledge and

understanding of proven control functionality, you can rest assured, the most innovative solution will be offered, every time.

STATE-OF-THE-ART TECHNOLOGY

Staying at the forefront of technological advancements is our commitment. MATElec Australia continues to invest in embracing new technology through networking and training, to ensure our control systems, that incorporate both our own proprietary control modules as well as highly reputed industrial PLC & HMI software solutions, provide a robust, smart, and best-practice system control.

CUSTOMISED SOLUTIONS

We understand the diversity of electrical control systems, and that very few applications are the same. We take a personalised approach to every project. Whether your requirements relate to water treatment, pumping, ventilation, heating & cooling, manufacturing process, mining and civil infrastructure, agriculture, or any other industry requiring electrical system control or automation, we work closely with you to design and build solutions that align with your specific needs, ensuring maximum efficiency and cost-effectiveness.

CUSTOMER-CENTRIC APPROACH

Our success is rooted in our dedication to customer satisfaction. We work closely with you at every step, providing transparent communication and timely updates. Your feedback and requirements are at the forefront of our design and implementation process.

GLOBAL REACH, LOCAL PRESENCE

With a global footprint, MATEtec Australia has the capacity to serve clients both nationally and internationally. Our local presence ensures quick response times and on-site support, while our global network allows us to tap into a diverse range of expertise and resources.

At MATEtec Australia, we are not just in the business of creating control and automation solutions; we are in the business of building lasting partnerships. Our aim is to empower your business with the electrical controls required, to enhance the system you offer in the market, giving you the competitive edge that will ensure your product, is the product of choice.

We remain dedicated to the success of our clients. Reach out to us today, and let's embark on a mutually beneficial partnership that ensures the control solution that drives your system, is the best in the industry.

SCALE AND EFFICIENCY

One of MATEtec Australia's distinctive features is the scale of our manufacturing facility, which is capable of producing more than two thousand control panels per month. This capacity speaks to our efficiency and readiness to meet the demands of large-scale projects, ensuring timely delivery without compromising quality.

TURNKEY SOLUTIONS

From concept to commissioning, MATEtec Australia offers turnkey solutions that encompass the entire project lifecycle. Our services include design, engineering, fabrication, installation, testing, and ongoing technical support. This holistic approach ensures a smooth and hassle-free experience for our clients.

LIGHTING & SENSORS

OXFORD VANDAL RESISTANT IP66 WEATHERPROOF LED BATTENS

FEATURES & BENEFITS

- Vandal resistant strength
- High quality industrial design
- Sleek slimline design
- Quick wiring access point
- OSRAM LED driver and high output LED chip
- SAA approved
- Ideal for high traffic areas and washdown bays
- All fixings and stainless steel brackets supplied
- Available as an emergency backup version, or with a sensor
- 10 year warranty (5 year for emergency & sensor versions).

TERMS AND CONDITIONS

TERMS & CONDITIONS

MONTREAUX PTY LTD trading as MATElec Australia ACN 160 835 334 ("Company") Trading Terms & Conditions For Sale of Goods

These Trading Terms & Conditions ("Terms") apply (unless otherwise previously agreed in writing) to the supply of Goods by the Company to Customer from time to time. Any supply of Goods by the Company to the Customer made from time to time after the date of acceptance of these Terms is a supply pursuant to the supply agreement constituted by these Terms & the relevant order accepted by the Company ("Agreement") & any such supply does not give rise to a new or separate agreement.

1. Interpretation

In these Terms unless the contrary intention appears:

"Additional Charges" includes all delivery, handling & storage charges, goods & services tax, stamp duty, interest, legal & other costs of recovery of unpaid money & all other government imposts & all money, other than the Purchase Price, payable by the Customer to the Company arising out of the sale of the Goods.

"Company" means Montreoux Pty Ltd, ACN 160 835 334 trading as MATElec Australia.

"Consequential Loss" means

- i. loss of revenue;
- ii. loss of profit or anticipated profit;
- iii. loss of business;
- iv. loss of business reputation;
- v. loss of opportunities;
- vi. loss of anticipated savings;
- vii. loss of goodwill; &
- viii. any other loss suffered by a party as a result of a breach of this Agreement that cannot reasonably be considered to arise directly & naturally from that breach.

"Customer" means the person to or for whom the Goods are to be supplied by the Company.

"Force Majeure Event" means any event outside the reasonable control of the Company including acts of God, war, riots, strikes, lock outs, trade disputes, break downs, mechanical failures, interruptions of transport, Government action or any other cause whatsoever, whether or not of a like nature to those specified above.

"Goods" means the goods sold to the Customer by the Company & includes any services provided by the Company to Customer.

"PPSA" means the Personal Property Securities Act 2009 (Cth), as amended.

"Purchase Price" means the list price for the goods as charged by the Company at the date of delivery or such other price as may be agreed by the Company & the Customer prior to delivery of the Goods.

2. Order for Goods

- 2.1 An order given to the Company is binding on the Company & the Customer, if:
 - 2.1.1 a written acceptance is signed for or on behalf of the Company; or
 - 2.1.2 the Goods are supplied by the Company in accordance with the order.
- 2.2 An acceptance of the order by the Company is then to be an acceptance of these Terms by the Company & the Customer & these Terms will override any conditions contained in the Customer's order. The Company reserves the right to accept a part only of any order by notifying the Customer in writing or by delivering the Goods to the Customer. No order is binding on the Company until accepted by it.
- 2.3 An order which has been accepted in whole or in part by the Company cannot be cancelled by the Customer without obtaining the prior written approval of the Company, which it may refuse in its absolute discretion. In the event cancellation of an order is approved by the Company, the Company reserves the right to claim payment from the Customer & the Customer agrees to pay a cancellation fee equivalent to 10% of the price of the order or that part of the order so cancelled.

3. Warranties

- 3.1 Subject to any of the Company's warranty statements, the Company's liability is limited to, to the extent permissible by law & at the Company's option:
 - 3.1.1 in relation to the Goods:
 - i. the replacement of the products or the supply of equivalent products
 - ii. the repair of the products
 - iii. the payment of the cost of replacing the products or of acquiring equivalent products; or
 - iv. The payment of the cost of having the products repaired
 - 3.1.2 where the Goods are services:
 - i. the supply of service again; or
 - ii. payment of the cost of having the services supplied again.
- 3.2 Any claims to be made against the Company for short delivery of Goods must be lodged with the Company in writing within 7 days of the delivery date.
- 3.3 The Customer shall inspect all Goods immediately after delivery & shall within 7 days of the delivery date & in any case prior to on-selling or otherwise using the Goods, give notice to the Company of any matter or thing by reason of which the Customer alleges the Goods or any part of the Goods are not in accordance with the sale contract & failure to give such notice shall, to the extent permitted by law, constitute unqualified acceptance & a waiver of all such claims by the Customer.
- 3.4 To the extent permitted at law, all other warranties whether implied or otherwise, not set out in these Terms or expressed in any warranty statement provided by the Company, are excluded & the Company is not liable in contract, tort (including, without limitation, negligence or breach of statutory duty) or otherwise to compensate the Customer for any Consequential Loss.

4. Delivery

- 4.1 The times quoted for delivery are estimates only & the Company accepts no liability for failure or delay in delivery of Goods. The Customer is not relieved of any obligation to accept or pay for Goods by reason of any delay in delivery. Goods may be delivered by instalments at the discretion of the Company.
- 4.2 Risk in the Goods passes to the Customer on delivery to the Customer (a) at or in the near vicinity of an address specified by the Customer; (b) into possession of the Customer or its carrier at the premises of the Company; (c) into possession of a carrier at the premises of the Company, engaged by the Company to deliver the Goods to the Customer; (d) to the wharf, rail-yard, or other transport loading station specified by the Customer.
- 4.3 All Additional Charges are payable by the Customer in addition to the Purchase Price of the Goods.
- 4.4 Return of Goods will not be accepted by the Company except by prior agreement in writing with the Company. Any Goods returned will be subject to a cartage & handling charge of 20% of the Purchase Price of those Goods. The Customer agrees that the Company may deduct any cartage & handling charge from any credit of the Customer's account except where the Company agrees that it has supplied the wrong goods.

5. Price & Payment

- 5.1 The Customer must pay the Purchase Price & the Additional Charges to the Company.
- 5.2 If the Customer is in default, the Company may at its option withhold further deliveries or cancel a contract without prejudice to any of its existing rights, withdraw credit or refuse any further credit.
- 5.3 The terms of payment are as follows, unless otherwise agreed to in writing by the Company:
 - (a) in the case of a Customer granted an approved credit account by & with the Company - 30 days from the end of the month of purchase;
 - (b) in any other case, Cash on Delivery (COD)
- 5.4 Interest is charged at the rate of 1.5% per month or part of a month from the expiry of that period until the date payment is received by the Company.
- 5.5 All amounts payable by the Customer under these Terms must be paid without set-off, cross-demand or counter claim of any kind.
- 5.6 Any monies refunded by the Company to the Customer, whether in consequence of the cancellation of an order or otherwise, shall be repaid without interest & after deduction of any amount the Company may be entitled to charge & it is expressly agreed that the Customer shall not make or maintain any claim against the Company for payment of interest on monies refunded or to be refunded.

6. Retention of Title

- 6.1 Ownership, title & property in the Goods & in the proceeds of sale of those Goods remains with the Company until payment in full for the Goods & all sums due & owing by the Customer to the Company on any account has been made. Until the date of payment:
 - 6.1.1 the Customer has the right to sell the Goods in the ordinary course of business;
 - 6.1.2 the Goods are always at the risk of the Customer.
- 6.2 The Customer is deemed to be in default immediately upon the happening of any of the following events:
 - 6.2.1 if any payment to the Company is not made promptly before the due date for payment;
 - 6.2.2 if the Customer ceases to carry on business or stops or suspends payment or states its intention of so doing or is unable to pay its debts as they fall due or if any cheque or bill of exchange drawn by the Customer payable to the Company is dishonoured;

- 6.3 In the event of a default by the Customer, then, without prejudice to any other rights which the Company may have at law or under this Agreement:
- 6.3.1 the Company or its agents may without notice to the Customer enter the Customer's premises or any premises under the control of the Customer for the purposes of recovering the Goods.
- 6.3.2 the Company may recover & resell the Goods;
- 6.3.3 if the Goods cannot be distinguished from similar Goods which the Customer has or claims to have paid for in full, the Company may in its absolute discretion seize all goods matching the description of the Goods & hold same for a reasonable period so that the respective claims of the Company & the Customer may be ascertained. The Company must promptly return to the Customer any goods the property of the Customer & the Company is in no way liable or responsible for any loss or damage to the Goods or for any loss, damage or destruction to the Customer's business howsoever arising from the seizure of the Goods.
- 6.3.4 In the event that the Customer uses the Goods in some manufacturing or construction process of its own or some third party, then the Customer must hold such part of the proceeds of sale of such manufacturing or construction process as relates to the Goods in trust for the Company. Such part will be an amount equal in dollar terms to the amount owing by the Customer to the Company at the time of the receipt of such proceeds. The Customer will pay the Company such funds held in trust upon the demand of the Company.
- 6.4 Separately, Customer hereby charges all its right, title & interest to & in the proceeds of sale of the Collateral (as defined in the PPSA) as original collateral, or any of it, in favour of the Company.
- 7. PPSA**
- 7.1 Defined terms in this clause have the same meaning as given to them in the PPSA.
- 7.2 The Company & the Customer acknowledge that these Terms constitute a Security Agreement & entitle the Company to claim:
- (a) a Purchase Money Security Interest ("PMSI") in favour of the Company over the Collateral supplied or to be supplied to the Customer as Grantor pursuant to these Terms; &
- (b) a security interest over the proceeds of sale of the Collateral referred to in (a) as original collateral.
- 7.3 The goods supplied or to be supplied under these Terms fall within the PPSA classification of "Other Goods" acquired by the Customer pursuant to these Terms.
- 7.4 The Proceeds of sale of the Collateral referred to in clause 8.2(a) falls within the PPSA classification of "Account".
- 7.5 The Company & the Customer acknowledge that the Company, as Secured Party, is entitled to register its Security Interest in the Collateral supplied or to be supplied to the Customer pursuant to these Terms & in the relevant Proceeds.
- 7.6 To the extent permissible at law, the Customer:
- 7.6.1 waives its right to receive notification of or a copy of any Verification Statement confirming registration of a Financing Statement or a Financing Change Statement relating to a Security Interest granted by the Customer to the Company;
- 7.6.2 agrees to indemnify the Company on demand for all costs & expenses, including legal costs & expenses on a solicitor/client basis, associated with the:
- 7.6.2.1 registration or amendment or discharge of any Financing Statement registered by or on behalf of the Company; &
- 7.6.2.2 enforcement or attempted enforcement of any Security Interest granted to the Company by the Customer;
- 7.6.3 agrees that nothing in sections 130 & 143 of the PPSA will apply to these Terms or the Security under these Terms;
- 7.6.4 agrees to waive its right to do any of the following under the PPSA:
- 7.6.4.1 receive notice of removal of an Accession under section 95;
- 7.6.4.2 receive notice of an intention to seize Collateral under section 123;
- 7.6.4.3 object to the purchase of the Collateral by the Secured Party under section 129;
- 7.6.4.4 receive notice of disposal of Collateral under section 130;
- 7.6.4.5 receive a Statement of Account if there is no disposal under section 132(4);
- 7.6.4.6 receive a Statement of Account under section 132(3)(d) following a disposal showing the amounts paid to other Secured Parties & whether Security Interests held by other Secured Parties have been discharged.
- 7.6.4.7 receive notice of retention of Collateral under section 135;
- 7.6.4.8 redeem the Collateral under section 142; &
- 7.6.4.9 reinstate the Security Agreement under section 143.
- 7.6.5 All payments received from the Customer must be applied in accordance with section 14(6)(c) of the PPSA.
- 8. On-Sale**
- The Customer agrees that upon the on-sale of any Goods to third parties, it will:
- 8.1.1 inform any third party involved of these Terms;
- 8.1.2 inform any third party of the Company's product warranties if any; &
- 8.1.3 not make any misrepresentations to third parties about the Goods.
- 9. Trustee Capacity**
- If the Customer is the trustee of a trust (whether disclosed to the Company or not), the Customer warrants to Company that:
- 9.1 the Customer enters into this Agreement in both its capacity as trustee & in its personal capacity;
- 9.2 the Customer has the right to be indemnified out of trust assets;
- 9.3 the Customer has the power under the trust deed to enter into this Agreement; &
- 9.4 the Customer will not retire as trustee of the trust or appoint any new or additional trustee without first advising the Company.
- 10. Indemnity**
- To the full extent permitted by law, the Customer will indemnify the Company & keep the Company indemnified from & against any liability & any loss or damage the Company may sustain, as a result of any breach, act or omission, arising directly or indirectly from or in connection with any breach of any of these Terms by the Customer or its representatives
- 11. Force Majeure**
- 11.1 The Company will not be liable for the consequences of any failure or delay in performing any of its obligations under this Agreement to the extent that such failure or delay is due directly or indirectly to any Force Majeure Event.
- 11.2 If a Force Majeure Event arises, the Company will notify the Customer in writing of the Force Majeure Event & the likely impact it will have on the Company's performance under this Agreement. If the Force Majeure Event affects the capacity of the Company to complete its material obligations under this Agreement in a timely manner, the Company may by notice to the Customer terminate this Agreement without any liability whatsoever on its part arising from that termination.
- 12. General**
- 12.1 These Terms are to be construed in accordance with the laws from time to time in the State of Victoria & the Commonwealth of Australia. The parties submit to the non-exclusive jurisdiction of the Courts of Victoria, Australia & any courts which may hear appeals from those courts in respect to any proceedings in connection with these Terms.
- 12.2 These Terms contain all of the terms & conditions of the contract between the parties & may only be varied by agreement in writing between the parties.
- 12.3 Any conditions found to be void, unenforceable or illegal may, to that extent be severed from the Agreement.
- 12.4 No waiver of any of these Terms or failure to exercise a right or remedy by the Company will be considered to imply or constitute a further waiver by the Company of the same or any other term, condition, right or remedy.

PURCHASE ORDERS

Purchase orders can be placed with MATEtec Australia by way of a number of methods:

Telephone Orders: (Free call: 1800 281 282)
Email: customer@matelecaustralia.com.au

On receipt of (receiving) a purchase order you will be contacted by a Customer Service Representative, confirming receipt of your purchase order and advising any queries pertaining to the order. Queries may include business opportunities, applicable current promotions, delivery instructions, pricing discrepancies, back orders and therefore subsequent ETA's or product alternatives etc.

On dispatch of your purchase order, Dispatch Confirmation Advice may be forwarded by email detailing delivery details including carrier and consignment note number.

MATEtec Australia takes great pride in an exceptionally high order fill rate. However, in the event stock is unable to be supplied as expected, product alternatives are explored and offered where applicable. Product turn-around times will be confirmed and advised. MATEtec Australia account management includes methodical customer back order management, including notification of the latest ETA's, order confirmation, order consolidation and or amendments where applicable.

TECHNICAL SUPPORT

The MATEtec Australia Technical Support team provides unparalleled support to clients, installers and users of it's products. This support ranges from product selection, through to application and usage optimization.

Since the design and manufacture of many of the products has been implemented in-house, product knowledge is a significant resource which MATEtec Australia makes available to it's customer base.

SALES AND SERVICE

MATEtec Australia proudly services the Australian Electrical Wholesale market through manufacturing, supplying and distributing competitively priced quality products in an effective, efficient and professional manner.

MATEtec Australia's products and services are exclusively available through recognised Electrical Wholesalers only, therefore supporting the wholesaler industry and maintaining standards and integrity within the industry. The MATEtec Australian network enables us to provide our customers with a superior service, including 'second to none' after sales service and ongoing product support.

QUOTATIONS

Obligation free quotations are encouraged and welcomed here at MATEtec Australia. All quotations tendered or sourced are processed and submitted promptly, in most circumstances the same day. Quotations are processed by Sales at Head Office; a file will be opened on receipt of the quotation containing all information pertaining to the quotation.

Quotations include the following information:

MATEtec Australia quotation number, quotation reference (if provided), product details, standard product packaging, quantity, price (ex GST), validity and delivery costs pertaining to quotation if applicable.

DELIVERY AND FREIGHT

Where possible MATEtec Australia provides a standard 24 hour delivery time for Metropolitan and surrounding areas across Australia, and 48 hours delivery for Queensland and Regional areas for orders placed before 4pm. MATEtec Australia enjoys the flexibility of a number of highly reputed carriers, allowing majority of all wholesalers to enjoy such delivery times regardless of their location. MATEtec Australia is able to provide alternative delivery inside these periods for situations where needed.

The warehouse, from which the order is to be dispatched, is dependent on Customer location and stock availability. Every product dispatched from MATEtec Australia warehouses is carefully picked and packed. Great pride is taken ensuring each and every product arrives at the wholesaler in perfect saleable condition and in a timely manner.

Every order dispatched leaves MATEtec Australia with weight details, number of boxes, carrier and consignment note number. In the event there is a query relating to delivery or freight, all are handled from Head Office in Shepparton, VIC.

Orders exceeding \$250.00 +GST are F.I.S (free delivery into store). Orders under this amount, will attract freight charges. Freight charges are clearly itemised on the invoice where freight is charged. Freight charges can vary from state to state. The option to nominate your preferred carrier is also available.

ADMIN

MATEtec Australia's Admin Department operates to an exceptionally high standard with all processes streamlined to ensure total customer satisfaction.

Based at Shepparton, our competent Admin team members are always available to promptly attend to any accounting queries. From the 48 hour turnaround time on credit applications, to the mail out by the 1st working day of the new month of customer statements, MATEtec Australia pro-actively ensures that customer expectations are exceeded.

Immediate attention is given to all administration enquiries including:

- Account Balances
- Payment Receipts
- Goods Return Requests (GRA's)
- Copy documents
- Customer historical data.

MATEtec Australia's Admin Department has the ability to tailor an accounting/reporting process to best meet the many varied needs of its vast customer base. Services can include:

- Statement consolidation for Group Accounts
- Settlement Discounts.
