

TWILIGHT DAY /NIGHT SWITCH

SQUARE PROGRAMMABLE

FEATURES & BENEFITS

- Photoelectric-Cell technology
- UV Stabilised
- IP66 Weatherproof Rating
- Adjustable Lux & Time On Settings
- User Friendly Setup
- Stainless Steel Captive Screws
- LED Mode Indicator
- Universal Design
- Large Terminals
- Heavy Duty Switching Capacity
- Multiple Cable Entry Options

SPECIFICATIONS

Materials:

Lens - UV stable acrylic
Fixings - Stainless steel
IP66

Weatherproof rating:

Switch rating:

16 Amps

Voltage rating:

200 - 250V

Frequency:

50/60Hz

Rated current:

Resistive - 15 Amps
Inductive - 3600VA

Switching cycles on resistive load:

> 200 000

Volt drop after 1000c at 1800VA load:

< 100mV

Adjustable switching lux level:

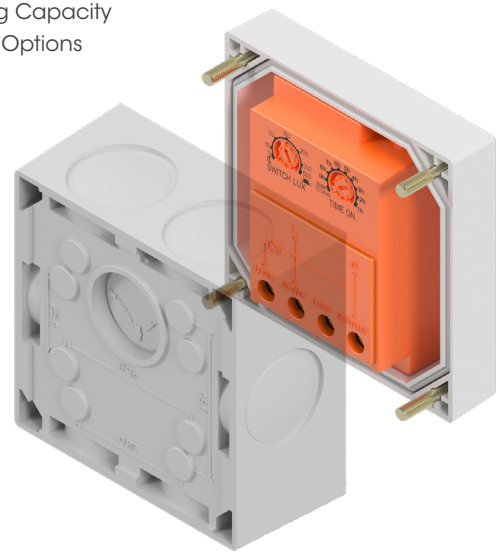

20 - 200 Lux

Minimum load:

100mA

Dimensions:

82.5mm (H) x 82.5mm (W) x 54.5mm (D)
