

TIME SWITCH - DIN RAIL MOUNT

ANALOGUE 24 HOUR

FEATURES & BENEFITS

- Simple programming functionality
- Quartz oscillator providing precise time control
- Compact slimline design
- Transparent display flap for added protection
- Manual override feature
- Lithium back-up battery
- 1 year warranty.

SPECIFICATIONS

Mounting:

- Din Rail

Weatherproof rating:

- IP20

Display:

- Analogue

Supply voltage options:

- 240Vac

Operating frequency:

- 50/60Hz

Power consumption:

- 1W

Relay outputs:

- N/O

Rated switching voltage:

- 240Vac

Operational current range:

- Resistive 16A, inductive 2.5A

Time base:

- Quartz

Timing range:

- 24 hours, 15 min segments

Switching functions:

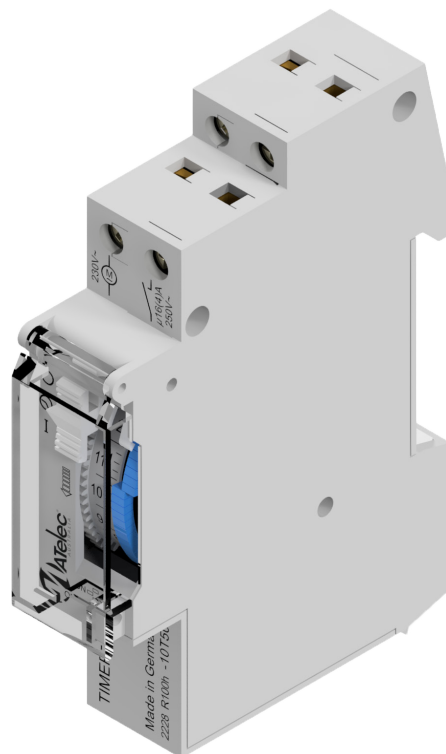

- Off, Auto, On

Max cable capacity:

- 1 Phase: 4mm²

Working reserve time:

- 100 hours
